

Vibrant and Stylish Colours

Choose from a collection of the most popular colours. Harmonising your house's exterior decor has never been easier.

* Non standard colours available on request. Minimum quantities apply.

TopTile

Heavy Duty

Offering the beauty and style of traditional concrete tiles, TopTile adds a unique elegance to any roof. It's long-standing reputation for performance, longevity and versatility make it the ideal alternative to concrete tile products. The lightweight composition of pressure formed zinc/aluzinc coated steel with an acrylic bonded stone chip finish create considerable savings in cost, time and labour. The stone coating offer same look and feel and is highly resistant to fading and UV penetration.

TopTile is suitable for any building projects, whether it is a suburban home or a corporate office. The range of popular colours and stylish designs allow you to seamlessly blend the outer decor of your home with the surroundings. A comprehensive range of accessories ensure that your project is finished professionally and beautifully.
